

**FRUIT FAX** provides timely information throughout the growing season with tips and regional observations on horticultural practices and pest management needs.

**FRUIT FAX** is created by the Lake Ontario Fruit Extension Program. It is delivered to your fax and/or email. The **FRUIT FAX** gives you up to the minute information on fruit production and pest management needs and is easily scanned for topics of concern.

**FRUIT FAX** is published twice a week, Tuesday and Friday, through primary apple scab season, then once per week through the

**FRUIT FAX**  
is Coming!

Internal worm season (September). If there are emergency situations, supplemental issues are sent. The subscription fee is \$50 for those who live or farm in the LOF partner counties, or \$100 for out-of region subscriptions and helps cover the costs of the educational program. If you would like a sample from last season call Debbie Breth at 585-798-4265 ext. 36.

**If you included the cost of *Fruit Fax* in your county enrollment, there is no need to return this form. If not submitted with your enrollment, we need the following information to send *Fruit FAX* to your fax machine and /or email.**

To receive the **FRUIT FAX** this season, complete the tear slip registration form below and return to:

*Cornell Cooperative Extension, Attn: Ag. Secretary, 12690 NYS Rt. 31, Albion, NY 14411.*

Include a check for \$50 if farming in Wayne, Monroe, Orleans, Oswego, and Niagara counties. If farming outside those counties, please include a check for \$100.
